Little Girl Who Spoke with Trees Write a News Article

Activity procedure

1. In groups of 2-3 or alone if they prefer it, the students will select one of the three areas of helping the Earth.

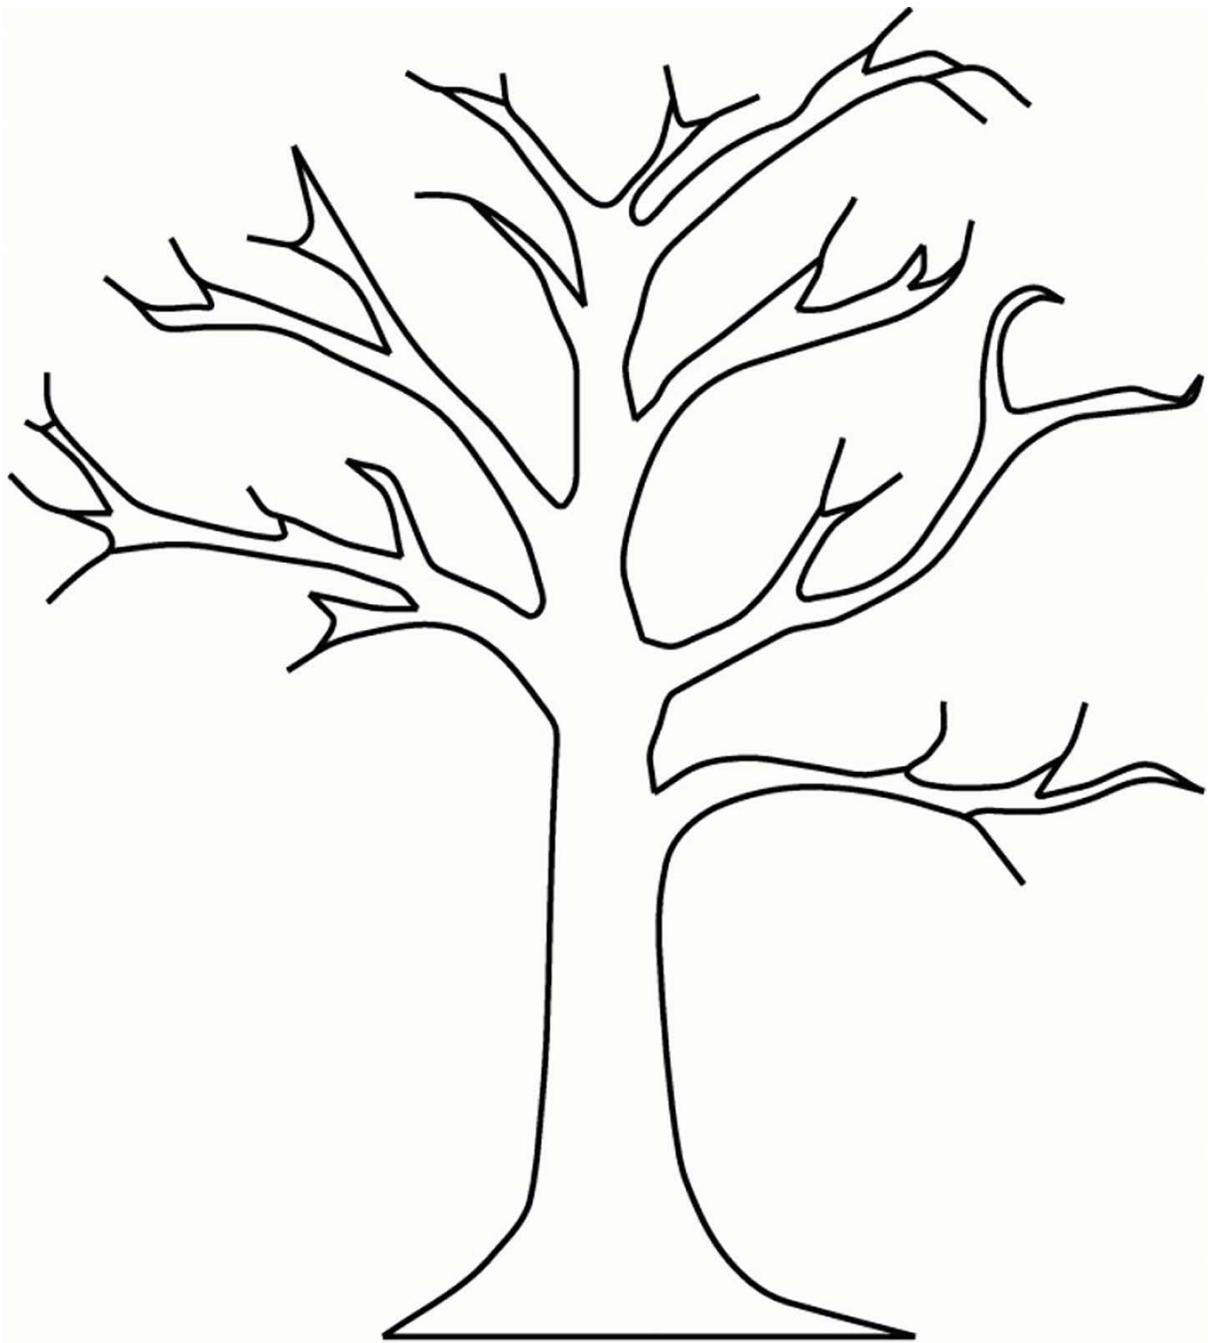

The three areas accompanied by videos are:

Overview

- Dr. [Robin Wall Kimmerer](#) - Distinguished Teaching Professor of Environmental and Forest Biology; Director, Center for Native Peoples and the Environment, at the State University of New York College of Environmental Science and Forestry. **Questions for a Resilient Future – what does the Earth Ask? of Us?** <https://youtu.be/y4nUobJEEWQ>
- **Dr, Nalini Nadkarni – For The Love of Trees -** <https://youtu.be/7SwiRJJFm8Y?t=37> . Professor, ecologist, nature activist - **From TED talk** to the one female scientist who had a Barbie Doll created in her likeness to inspire young girls.
- **Protect the Animals with Dr.Jane Goodall Video: the [Jane Goodall Video.](#)**
- **Global Warming** with the [Greta Thunburg Video](#), [Protecting the Rainforest Video](#),

What are ways we can “protect, restore, and fund?” Come up with your own PSA to educate your community about rainforest protection.

2. The students in each group will watch the video, take notes and present the information back to the class as a News Report.
